Re: Florida Power v. Black and Veatch

Dear Michael:

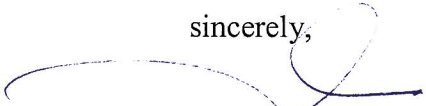

Great news – We won! As you know we secured a \$23 Million judgment from the trial court. As expected, Black and Veatch appealed. The 2nd DCA issued a *per curiam* affirmance and B&V wire-transferred \$40.625 million into our trust account. We couldn't have survived that 1-month trial without you and TCS!

The entire Trenam Kemker trial team expresses its appreciation and wanted me to let you know that you were an integral part of our success. With your help our trial presentation obviously got our point across to Judge Horace Andrews. It was very impressive that we could turn that part of the trial over to your team and the result was a very comprehensive, well thought out presentation program. All the components of the presentations worked together seamlessly beginning with setting up the equipment in the courtroom, the excellently designed poster boards you prepared, the creation of a Sanctions presentation of our exhibits and finally your Sanctions expert, Nicholas Demelas' presence in the courtroom during trial for any unexpected mishaps, none of which occurred.

It's very comforting to know that our firm can rely on Trial Consulting Services to relieve some of the pressure we all experience during a lengthy trial. We can't thank you enough and look forward to working with you in the future.

With best regards, I am

sincerely,

John S. Vento
