Re: Letter of Commendation: Mr. John Dackson

Dear Mr. Boucher:

I would like to take this opportunity to commend the truly outstanding trial consulting performance of Mr. John Dackson during our three week trial in the case of Lucia v. Memorial Hospital. I presided over this lengthy and complicated civil case involving allegations of medical negligence against the hospital and various physicians. The case involved literally thousands of pages of medical records and other exhibits. Mr. Dackson was superb in his ability to immediately access not only the specific page of any of these thousands of pages, but then enlarge and highlight any portion requested by counsel.

Having worked with many consulting experts during my 13 years as a trial court judge, Mr. Dackson's performance was simply perfect. In fact, during the trial, the opposing counsel had difficulty and frustration with his own IT consultant and finally had to resort to requesting that John access his exhibits and show them to the jury. This was truly one of the more humorous moments in this very serious trial. It is a pleasure to have Mr. Dackson professionally set up the IT equipment and then access the digital video, audio and other electronic data. He is flawless and professional at all times and even the jury began calling him by name. On behalf of the Trial Division of the Thirteenth Judicial Circuit, you have my sincere thanks and appreciation. I look forward to working with Mr. Dackson and your other outstanding personnel for many years in the future. Best wishes for continued success.

Sincerely,

GREGORY P. HOLDER
Circuit Judge
